STEAM PUMP'S TROUBLES

Defeat Rehabilitation Plan.

The personnel of the new committee of preferred stockholders of the International Steam Pump Company organ-

tory for the taxical companies that have held that they were not obliged to obey the city ordinance as to meters and rates when they ran from railroad attaitions because then they were under the supervision of the Public Service Commission. As a matter of fact the commission a year ago acted on a similar request from the same company, which it holds to be under its jurisdiction because it is conected with

an examination into the acts of the directors and officers of the company.
